Negacharge

Real name: Jacinda Esser
Gender: Female
Race: Human
DOB: August 8th
FFFAccess: Unknown

Powers - Energy Manipulation
Jacinda can absorb positive energy, converts and release it to negative energy blasts. Her powers aren t limited to a single form of energy absorption so this allow her to even absorb sonic waves the capable of levitation through the use of negative energy to repel positive energy relays.

Weakness-
Ironically enough; even though she s called Negacharge she can't absorb Negative Energy and she's limited to the amount of energy she can absorb.
